

LIMITED PURPOSE FSA *by BASIC*

HSA ELIGIBLE FSA

LIMITED PURPOSE & DEPENDENT CARE

The difference between a General Purpose Medical FSA and a Limited Purpose FSA is the eligible expenses. A Limited Purpose FSA plan only allows for reimbursements of dental, vision and post deductible expenses (co-insurance and co-pay expenses after your deductible has been met).

MAXIMIZE YOUR TAX SAVINGS

Save your HSA funds to use for medical expenses (current or future) by electing a Limited Purpose FSA for:

- Dental co-insurance, co-payments, deductibles, and supplies
- Vision co-insurance, co-payments, deductibles, and supplies
- Orthodontic fees paid in lump sums or monthly installments
- Post-deductible medical expenses
